☞ THE SUBSCRIPTION LIST OF THE DAILY NEWS IS LARGER THAN THAT OF ANY OTHER DAILY IN THE STATE, AND MORE THAN DOUBLE THAT OF ANY OTHER DAILY IN RALEIGH. ADVERTISERS WILL MAKE A NOTE OF THIS.

WEATHER REPORT.

For the South Atlantic States, local rains on the coast, and clear or fair weather in the interior.

Range of Thermometer.

Reported daily from the Hardware House of Julius Lewis & Co.

	JULY 31st.
6 A. M. Cloudy	74°
8 P. M. Cloudy	80°
6 P. M. Cloudy	79°

——No decision in the city case until next Monday.

——The city case still rankles in the breast of the would-be office-holders.

——The Eclectic German Club will give a German at the National Hotel to-night.

——Little "Shag" was busy again yesterday flying up and down the street from the capitol.

——The Sioux squaws do not wear striped stockings. Their streaks of green paint are cooler and cheaper.

——The mail train for Goldsboro Sun- contained but four passengers, and three of those were dead-heads. How is that for travel?

——If about five hundred more dogs were killed in this place the peace and aud quiet of our inhabitants would be increased greatly.

——The young lady from the Western part of the State continues to attract attention and has already turned the hearts of several of our young men,

——The young lady who called at Mr. Enniss' book store yesterday for "Drake on Attachments" was disappointed as well as surprised to find it a mere law book.

——Mrs. Dowell the wife of Mr. George Dowell, well known in this community, died at Asbury, on last Saturday night of consumption.

——That collar, worn by a "blood" sojourning in Raleigh, attracted much attention as the wearer stalked up the aisle of one of our places of publish worship Sunday night. Take if off—do.

——Those who are wise will purchase their winter's supply of wood now. It is as cheap as now, and you can buy a cord of good oak or hickory wood for $2, which in winter would doubtless cost you $4, and in bad weather as much as $5. Lay in your wood.

——As some complaint is made about the number of hogs allowed to run at large in the streets we have been requested to state that they are allowed to do so by permission of the Mayor, in order to consume the refuse of watermelons which are thrown in the streets.

——We return thanks in behalf of the employees—compositors and book-binders, and also those of our humble self—to a kind friend for a number of large luscious watermelons sent us yesterday. They came from the store of Mr. R. H. Bradley, and are known as the Howle watermelons.

——The refreshing rain with which we were blessed Saturday has proved invaluable to the farmers and truckers in this section. One of the latter told us yesterday that a day or two more of such parching weather as we have had for two weeks before the rain would have rendered hundreds of dollars worth of vegetables a total ruin.

——We are pleased to see again on our streets our old acquaintance and friends and school-mate of our childhood and youth, Mr. Silas Whitaker, son of Wesley Whitaker, Esq., of this city, who has been confined with rheumatizm at the residence of his father for some time. He hopes to be able to return soon to his adopted home in Texas.

Personals.

Mr. George A. Higgs, of this city, married Miss Allie Moore, of Greenville, Pitt county, on the 26th ult., and returned to the city on Saturday last.

Mr. J. T. Hicks and Jacob Higgs have returned from the Buffalo Springs.

Judge R. P. Buxton and lady, of Fayetteville, are in the city, visiting Major W. H. Bagley and family.

J. M. McCorkle, of Rowan, is in the city, attending the Supreme Court.

Mr. Nicholas West, of the Hardware House of Julius Lewis & Co., cut off the end of his left fore finger yesterday.

E. G. Brown arrived in our city yesterday, where he will in the future reside and continue to prosecute the business of insurance. He represents two of the oldest Insurance Companies in our country, the Penn Mutual of Philadelphia, and the Virginia Fire and Marine of Virginia. Success to him.

R. G. Lewis has moved his office to the building below the Yarboro House.

Robert W. Price of Salisbury was in the city yesterday on official business.

Hon. C. M. Cooke, of Franklin, is at the Yarboro.

Funeral Notice.

The funeral of the infant daughter of Mr. C. M. Farriss will take place from Person-street M. E. Church this evening at 4:30 o'clock.

The Graded School.

This institution, under the control of Capt. J. E. Dugger, Principal, will open to-day, and the indications are now, as they have been for some time, that it will prove a success in every respect.

As previously announced in the NEWS, the number of teachers which will be employed are seven—three males and four females, at a salary of $40 per month each, which is but small compensation This amount will come from the County School Fund. And while the school is *free* to all white children over seven years, yet it is expected that not only the parents of the children who attend will give whatever amount they may feel willing, but that our citizens toward the support of the school from time to time.

The sessions will last ten months, and the course of instruction will embrace four grades—or schools—Primary, Intermediate, Grammer, and the higher banches, consisting in part of algebra, geometry, trigonometry philosophy, chemistry, physiology, and book-keeping, each grade to be sub-divided into two or more classes, with a view to placing all pupils of the same intellectual attainments in the same class. Ten years attendance will, as a rule, be required to qualify for college, but the Principal says that eight years will in some cases answer, and an attendance of six years will be sufficient to fit a pupil for the practical duties of life.

The boys and girls will have separate rooms for study, and will be together only during recitation, and all the *little* ones, Captain Dugger says, will be allowed a few minutes recreation every hour during study.

Accommodations have been provided for two hundred pupils; if the attendance proves to be larger than is anticipated the facilities will be increased.

A beautiful feature of this school is a system of teaching peculiar to itself, and which is termed "objective teaching," which consists in delineating to the eye on the black-board by the teachers, what the lessons are intended to teach the mind.

Altogether this class of schools is the best yet devised for the education of the masses, and is one which is becoming throughout the South, on account of our embarrassed financial condition, more and more popular every day; and it is to be hoped that our citizens will rally to its support and insure it that success which it so richly deserves.

Supreme Court Decisions.

The following decisions were decisions were delivered on yesterday:

By PEARSON, C. J.:

W. T. Braswell vs. American Insurance Company, from Edgecombe; no error. Judgment affirmed.

Commissioners of Randolph county vs. R. F. Trogden, from Randolph; error. Judgment reversed.

Jacob Blevins vs. J. M. Barker, from Ashe; error. Judgment reversed.

Dangerous.

We would suggest to our city authorities that they place a lamp at night at the cistern being dug at the corner of the Cottage Hotel. We are informed that the covering placed over it at night is so insecure that if any one, not knowing it should attempt to drive a buggy or wagon across it at a rapid rate, would be likely to break through, and probably cause serious injury to life and limb.

The Churches Sunday.

Presbyterian.—Rev. Dr. Shaw occupied the pulpit of this church in the morning, and preached to a large and attentive congregation.

Edenton Street Methodist.—The pastor, Rev. Mr. Burkhead, preached to a very good congregation morning and night.

Person Street Methodist.—Rev. J. M. Atkinson officiated at this church. The church was well filled and his sermon listened to by a congregation of respectful worshippers.

First Baptist.—Rev. Dr. Pritchard, after an absence of three weeks at the Centennial, occupied his pulpit morning and night. In the morning, notwithstanding the inclemency of the weather, his membership and large numbers, and at night the church was filled with an immense and appreciative congregation, every Protestant denomination in the city being represented. Dr. Pritchard is a profound logician and eloquent speaker, and usually, especially on Sunday nights, draws a large number of nearers, and is listened to with the deepest reverence and the utmost attention.

Supreme Court.

All the Justices present, except Judge Settle resigned.

The following cases were argued before this tribunal yesterday:

Benj. S. Ward and wife vs. Shade Wooten; from Greene. D. G. Fowle, I. Haughton, F. A. Woodard, and Kenan & Murray for plaintiffs; Moore & Gatling for defendant.

Lewis Johnson *et al.*, vs. Owen W. Jones *et al.*, from Greene. D. G. Fowle, I. Haughton, F. A. Woodard and Kenan & Murry for plaintiffs; Moore and Gatling for defendants.

Smith and Edmundson vs. W. B. Fort; from Wayne. Smith and Strong and A. K. Smedes for plaintiffs; S. W. Isler for defendant.

The Growth of Raleigh.

Raleigh may well feel proud of its position among the leading cities of the State, for it is an acknowledged fact, not only by its own residents, but by those from other sections who visit it, that as concerns its real estate improvements and increase of population, it has, for the last ten years, surpassed them all. Notwithstanding the hard times and the stringency in money matters, our people continue to exhibit a spirit of enterprise seldom seen in any city of its size in the South, In every section cottages and mansions can be seen here and there going up, and before another half scose of years shall have passed it is safe to say that there will not be less than twenty thousand souls residing within her city limits.

Watermelons.

The market has never before, within the recollection of the oldest inhabitants, been so flooded with watermelons as it has this season. Hundreds have been shipped from other points, and yesterday a car-load, containing 1,600 from Bogue Sound, was standing at the depot of the N. C. R. R., where they had been for twenty-four hours, waiting for purchasers. The owner wanted $10 per hundred, and swore he would feed them to the hogs before he would take less. This promises a big feast for the hogs.

Unfortunate.

Little Jimmie Reaves, the only and much loved son of Mrs. Reeves, the lady proprietress of the Boyden House, in Salisbury, was brought down to this city and placed in the Insane Asylum Sunday afternoon. Jimmie is only about 17 years old, and an only son. He was doated on by the family, and much loved and esteemed by every body in the place. The family has the entire sympathy of not only the citizens of Salisbury, but of the many friends of the family in this place.

Cheeky.

Ike Young is reported as saying, in conversation concerning the throwing overboard of Hyman at Goldsboro, by the Brogden ring, that "5,000 (the salary of a congressman) was too much for a kinkey-head to handle." How it is that on the face of such an assertion, Young can come forward and ask the "kinkey-heads," as he terms the colored voters, to support him to represent them in Congress, is more than all lovers of consistency can well understand.

Night School.

We learn that Mr. J. M. Lovejoy, in order to accommodate many of our young men and youths who are employed during the day, and whose early education has been neglected, has consented, at the request of many of our citizens, to open a night school, the charge of tuition to be very reasonable and within the reach of all who may be desirors of taking advantage of this new enterprise. We trust it may be well patronized.

The NEWS is the people's paper; price only $5 per annum for Daily; $1 for Weekly.

Mayor's Court.

This Court had its usual Monday morning number of cases. The following were disposed of by Mayor Manly:

Alex Terrell, Thos. Terrell and Joe Smith, all colored, larceny; sent on for trial.

Henry Austin, colored, drunk and down; sent to the guard house twenty-four hours.

Lee Haywood, a notorious young thief, breaking into the market-house Sent to jail.

Oscar Winters, assault and battery on his wife; sent on for trial.

Myrtle Bodenheimer and Cora Taylor, fighting; $5 and costs, each.

Going to Leave.

The stone-cutters employed on the fice for the past year or so have nuished their work, and will leave us in a few days. We must say that we are sorry that these gentlemen cannot remain longer, for a more steady, upright and industrous set of gentlemen never lived anywhere. During their stay among us they have made many friends, who regret their departure. They have the best wishes of our people in their new field of labor.

Street Extension.

Many, if not the greater portion, of our citizens residing in the Northern section of the city, especially those on Johnson street, are clamorous for an extension of that street, which connects, (running east) with Halifax, to that of Wilmington Should they succeed in their endeavors, it will no doubt prove very benefical and convenient to the residents of that locality, and meet with the approbation of the public generally.

The Market Yesterday.

Notwithstanding yesterday was Monday, on which day there is generally but a slim quantity of country produce in town, yet our market was well stocked with butter, eggs, chickens, etc., at reasonable prices. The fresh meat market was well supplied. The mutton was of excellent quality, but of the beef we cannot speak so favorably, but was equal to that generally to be found at this season of the year.

E. J. Hale & Son.

We regret to learn from the *Paper Trade Journal*, of New York, of the 20th ult., that the old and popular firm of E. J. Hale & Son has failed. They have compromised with their creditors at fifty cents on the dollar, with notes payable at six, twelve and eighteen months, without interest.

At Wolcott's Open Front Store you can buy fresh eggs at 15 cents per dozen, fresh country butter 35 cents, fresh mackerel and mullets, onions 25 cents a peck, side meat, 17½ cents, meal 20 cents a peck, and the best roasted coffee 30 cents a pound.

LETTERS FROM THE PEOPLE.

The Stonewall Meeting—The Refutation of Slanders—Radicalism in the East.

BAY RIVER, PAMLICO Co. N. C., July 25th, 1876.

TO THE EDITORS OF THE NEWS:

I desire to be allowed space in your columns to refute the slanderous and base lies of a "nigger" correspondent of the New Berne Weekly *Times* and *Republic Courier*, who shamefully misrepresented the speakers and actions of the Democratic Mass Meeting held at Stonewall on the 4th inst., through the filthy columns of that mongrel street.

Mr. "Republican"—(that's his *nom de plume*)—mortified to know that the authentic accusations made and sustained from Republican documents against the leaders of Radicalism by our worthy speakers, who had triumphantly entered their ranks, sweeping therefrom all the intelligent white element present upon the occasion,—thought by his base calumny and abject denunciations to secure the ignorant of his own race and thereby save a remnant of the party in this section.

Under galling truth, such as our speakers brought from various sources against Radical government officials, the honest element of Republicanism will soon be entirely obliterated in this county.

He says that the speeches failed to meet the approbation of the honest men of the Democratic party, but Mr. editor and readers, could you have been present and heard the "heavens resound" the cheers and applause of *both* parties at the conclusion of Mr. Clark's speech, it would be unnecesary for me to tell you that "Republican" is a liar.

He denounces Maj. Engelhard for censuring Governor Brogden, of partiality towards negroes, by supplying their militia with arms and refusing to furnish the whites, but by no means does he offer a refutation of his (Brogden's) guilt. He says the accusations brought by Col. Kenan against the Republican party of cutting the bodies of our dead soldiers in too, in taking them from the battle fields to the National Cemeteries for re-interment, and thereby swindling the Government out of an immense sum "is a lie of which the very demons of hell ought to be ashamed," and, forgetting (?) that the Col. substantiated it by an extract from the New York *Times*, he modestly (?) denies knowing its author, but by insinuation makes Col. Kenan father it." But nevertheless, he has, as in the rest of his bundle of villainous balderdash, intoduces nothing to disprove its truthfulness, and it stands to-day as an established fact "at which the very demons of hell" will shudder.

He says the fourth and last speaker was Mr. Clark. He seems to forget that Mr. Clark was succeeded by Mr. McCotter, in an able and eloquent refutation of the libelous charges made by the infamous Republican press against Governor Vance of squeezing women's thumbs during the late war to make them reveal the whereabouts of their husbands. McCotter was much applauded and his defense satisfactory, convincing all, even "Republican" himself of Vance's innocence.

In vain, Mr. Republican, notwithstanding I'll admit you were full of Republican argument, (mean whiskey) have you attempted to exonerate your Radical rules and rascals? and if fish is good brain food I think it advisable for you to eat a whale or two before you offer another such a vindication of Radical corruption.

Congressman have just returned which were made the following nominations, viz: For House of Representatives of Beaufort and Pamlico counties, Mr. Jarvis of Beaufort for State Senate: Charles Latham of Washington, and Wm. T. Caho Esq., of Pamlico, for House of Representatives.

Save the Children From the Ravages of Unripe Fruits, &c.

RALEIGH, N. C, July 31, 1876

TO THE EDITOR OF THE NEWS:

Now that the season is upon us in which there is so much sickness, especially among the children, a few hints to the imprudent and indulgent parents, concerning the prevalent diseases to which the former are most subject, may serve to refresh the minds of the latter as the course to pursue to ward them off. I am actuated to this by an item I saw yesterday in a New York exchange, showing the fearful mortality among the children of that city, as reported by the Board of Health, exhibiting the astounding number of 2,136 deaths from the 1st to the 18th inst. all of whom were under five years of age. However incredible this may seem, it is nevertheless true, and should awaken parents at this season to the importance of being watchful more than ever over their children. Now what was the cause of this wholesale destruction of human life in New York? The same authority says *cholera-infantum*—the same disease that is carrying off scores of children every day, and which might be attributed in the majority of cases to the imprudence and indulgence of parents in allowing the little ones to eat whatever of fruits and vegetables, especially the former, quantity and quality, wholesome and unwholesome, that their innocent hearts may crave. They seem to forget that a child does not know what is good for it to eat and we have seen some parents who seem to actually think a child's reasoning powers as mature as their own, and that consequently its desires should be gratified. Now, cannot this disease and that of a kindred nature be averted? Surely they can. But how? you ask. Simply by a knowledge, and the exercise of that knowledge toward your children, of the laws of health, which is the duty of every parent to acquire and possess. And if you neglect to acquire that knowledge, and in consequence, and through your imprudence, your child sickens and dies, then parents, the death of that child rests upon you!

Then be careful as to what you allow your little ones to eat, and at what times they eat, using the utmost vigilance in keeping from them all fruits but that which is perfectly ripe, and compelling them to abstain from that which is in the least decomposed or unripe especially watermelons in that state, of which our market is flooded at this time, bearing in mind the old adage that "fruit is gold in the morning, silver at noon, and lead at night," and govern yourself accordingly. M.

Campaign Work in Johnston.

CLAYTON, JOHNSTON Co., July 25th, '76.

TO THE EDITOR OF THE NEWS:

As Conservative voter, allow me through the columns of your paper to suggest some names for our county legislators at the ensuing election. In scanning the political arena with its tempestuous clouds and the various favorites for nomination throughout the county, I think all old hackers should be taken off and put on the track young and bold steeds who can make, not a Davis majority, but more by at least 200. The vote is here, it can and must be made for both State, national and county Conservative tickets.

The names which I think would accomplish this are, for Senate, Z. J. Lemay, House J. T. Ellington, and C. S. Moore. These are young men of note throughout the county, and will arouse an enthusiasm heretofore unknown.

We have organized a Tilden and Vance club by which we expect to cast every white vote for the white man's ticket. Our organization took place at Clayton on Saturday last, with about 40 members—J. T. Ellington, president; J. M. Osborne, Vice president; J. T. Pool, secretary.

You may expect to hear from old Johnston in November for reform and the white man's ticket. I learn there will be a club in every township with an executive committee for county and club in each.

With such an organized and disciplined army, success is certain; and the Conservative banner will wave higher in the autumnal breeze than unknown to Johnston voters.

CLUB.

Persons living in unhealthy localities may avoid all billious attacks by taking a dose of Dr. Bull's Vegetable Pills occasionally to keep the liver in a healthy action.

DIED,

FARRISS.—In this city, on the 31st ult., at 1.5 P. M., BESSIE BADGER, infant daughter of C. M. and Julia A. Farriss, aged 8 months and 12 days.

This little flower of Paradise had scarce commenced to bloom in its beauty before it was taken by an Omnipotent and All-wise Providence to the bosom of its Saviour. Scarce had the spring time of her life begun to develope its loviness ere she was snatched from the embrace of relatives and friends, around whose hearts she had woven, by sweetness of disposition and her angelic beauty, a net-work of holy love.

How sweet the reflection that everything works for the best for those who love Him, and that little Bessie, once the sunlight of our home, is now a white-winged angel within the New Jerusalem—for "Their faces do continually shine before Our Father in Heaven."

The funeral services will take place from Person-street M. E. church this evening, at 4:30 o'clock. Friends and acquaintances invited to attend.

OUR JOHNSTON COUNTY correspondent gives a bright picture of the campaign work and prospect in that county.

THE DEMOCRATS of Beaufort and Pamlico have nominated an excellent ticket—for the State Senate, Mr. Jarvis of Beaufort; for the House of Representatives, Charles Latham, of Washington and William T. Caho, of Pamlico.

BESIDES New York State, the great battle-grounds in the North are Indiana and Ohio. The Democrats have organized more thoroughly than ever before, and will make a vigorous canvass. The contest will be close. The fall elections come off in these States on the 13th of October.

THE negroes have supreme control of Jones county, in this State. And they display some of the power which the Republican party has given them over the Anglo-Saxon race by SELLING POOR WHITE MEN AND WOMEN AND LITTLE CHILDREN ON THE AUCTION BLOCK TO NEGRO MASTERS.

OUT of the thirty amendments proposed to the Canby Constitution *sixteen* were passed unanimously in the Convention; *ten* were voted for by Republicans, and only four were voted against solidly by the Republicans. Yet they tell the people that the Republican party is opposed to the amendments! Deceit, thy name is Radicalism.

IT IS the negroes, who, yielding to the bad advice of their leaders, have drawn the color line. As long as the colored element of North Carolina polities vote in solid mass at the command of their white captains, so long does the safety of the State DEMAND that the white men vote in solid mass against them, to preserve ourselves, our families, and our institutions from subjection to the power and control of the Negro Race.

THE AMENDMENTS—REPUBLICAN RECORD.

The Republicans are resisting the amendments with all their might. "Down with the amendments!" is their cry from Alberson's home to Bowman's. In their protest they cry out, "we say to the people that the intention and aim of the Convention was to enslave you and you are enslaved if you ratify its acts."

The hollowness of this protest, and the insincerity and double-dealing of our adversaries, become apparent when we consider their record in the Convention upon the thirty propositions.

We have shown that of the thirty proposed amendments, SIXTEEN passed their last readings—the test—without so much as a call of the yeas and nays; which is positive proof that the minority made no decided opposition.

Of the SIXTEEN ordinances—numbered respectively: I, II, III, IV, V, VI, VII, X, XIV, XVI, XVII, XIX, XX, XXII, XXVIII. XXIX—not one has a single vote recorded against it. We will now briefly give the Republican record upon the other fourteen; and it will be seen that the Republicans voted many times for the Democratic measures of Reform.

The 8th amendment, regulating General Assembly, was passed by a vote of 83 to 27, the following Republicans voting for it: ALBERTSON, Barringer, Barrow, Bateman, Bean, Black, Bliven, Blocker, Bowman, Boyd, Buxton, Davis, DOCKERY, Dula, French, Hinnant, Holton, Horton, Jordan, Kerr, Lowe, Massey, Smythe, WHEELER, Wilcox, Woodfin, and YOUNG—27 in all. The names in small caps now appear upon the Republican ticket.

The 9th amendment, relating to the appointment of officers by the Governor, passed its third reading by *a strictly party vote*.

The 11th amendment, relative to the division of Judicial Powers, passed by a vote of 43 to 35—Mr. Dula (Rep.) voting with the Democrats in the affirmative.

The 12th amendment, reducing the Supreme Court from five to three Justices, passed by a vote of 56 to 26 Eleven Republicans voted with the Democrats—to wit: Messrs. Bean, Bowman, Boyd, Dula, Hampton, Hoffman, Kerr, Lowe, McCanless, Wilcox, Woodfin.

The 13th amendment, giving the Legislature power to change the terms of the Supreme Court, passed by a vote of 58 to 37. Ten Republicans voted with the Democrats—to wit: Badger, Barrow, Bowman, Dula, Hampton, Hoffman, Horton, WHEELER, Wilcox and Woodfin.

The 15th amendment, reducing the number of Judicial Districts from twelve to nine, passed by a vote of 48 to 27. Seven Republicans voted with the Democrats—to wit: Bean, Bowman, Dula, Hoffman, Lowe, Wilcox, Woodfin.

The 17th amendment, giving the General Assembly certain powers in regard to the Supreme Court, passed by *a strict party vote*.

The 21st amendment, providing for the election of clerks of inferior Courts, passed by *a strict party vote*.

The 23d amendment, respecting existing terms of office, passed by a vote of 96 to 2. All the Republicans—except Goodwin and Manix, voted with the Democrats for this amendment.

The 24th amendment, requiring ninety days residence for voters, and disfranchising felons, passed by a vote of 58 to 49. Two Republicans—Messrs. Dula and Hinnant—voted with the Democrats.

The 25th amendment, conferring upon the General Assembly certain powers over municipal corporations, passed by *a strict party vote*.

The 26th amendment, separating the races in public schools, passed by a vote of 113 to 3—all the Republicans voting with the Democrats, except Bell, Crosby and Thorne.

The 27th amendment, providing for the preservation and investment of the public school funds, passed by a vote of 82 to 27. Thirty-seven Republicans voted with the Democrats, to wit: ALBERTSON, Badger, Barringer, Barrow, Bateman, Bean, Bell, Black, Bliven, Blocker, Bulluck, Cary, Crosby, Davis, Dixon, Faircloth, Goodwin, Hinnant, Hodge, Holton, Horton, King of Pitt, Mabson, Manning of New Hanover, Massey, McCabe, McDonald, Munden, Nowell, O'Hara, Page, Scott of Jones, Smythe, Taylor, Thorne, Wilcox, YOUNG.

The 30th amendment, prohibiting intermarriage of the races, passed by a vote of 96 to 2. All the Republicans present voted with the Democrats, except Crosby and Thorne.

This is the Republican record. A recapitulation of it shows that SIXTEEN of the thirty amendments passed *unanimously*; that the Republicans voted solidly against only FOUR of the amendments, to wit: the 9th, 17th, 21st, and 25th, and that they voted for TEN of the amendments, to-wit: the 8th, 11th, 12th, 13th, 15th, 23d, 24th, 26th, 27th, and 30th.

On these ten amendments the Republican vote sums up as follows:

1	Republican voted for the	11th,
2	Republicans	"	"	24th,
7	"	"	"	15th,
10	"	"	"	13th,
11	"	"	"	12th,
27	"	"	"	8th,
37	"	"	"	27th,
40	"	"	"	30th,
42	"	"	"	23rd,
52	"	"	"	26th,

So that out of the thirty amendments proposed the Republicans, now so blatant against the work of the Constitutional Convention, voted for TWENTY-SIX—in votes ranging from 1 to 52.

In the face of these *facts*, what can be said of their present opposition but that it is base demagoguery, practised in the hope of creating prejudice against the the Democratic party by denouncing, by the wholesale, the work of the Convention?

Such insincerity and double-dealing will hardly win the votes they are desperately grasping at.

NOMINATION OF GENERAL R. B. VANCE.

A very large meeting of the Democratic representatives of the 8th Congressional District, took place at Old Fort on the 27th inst., to nominate a Democratic candidate for Congress.—The names of Hon. J. L. Robinson, Hon. A. C. Avery, and Hon. R. B. Vance were before the Convention—three of the noblest men of the West; earnest men, patriots, zealous in the cause of good government, and possessed of the confidence, the esteem and the affections of their people.

Out of this distinguished trio, the Convention had to choose a candidate. The choice fell upon General [illegible] was made unanimous. Perfect harmony prevailed. Indeed, we are told by a correspondent of the Charlotte *Observer*, that "a more pleasant and unanimous Convention was never held in the eighth or any other district."

General Vance merited this honor. No Congressman from the South has been more active in his exertions for our section; more steadfast in his devotion to the principles of our party; or more uncorrupted and incorruptible.

Like his glorious brother, "Old Zeb," General Robert B. Vance, might say to his constituents:

"I can lift up these hands before you in the presence of my Creator, and say that in all my career in Congress, through all that period of temptation and corruption, not one dollar of dishonest money has ever stained their palms; and lastly I can say that I never had a thought wherein self was preferred to the prosperity and honor of my native land."

FABIUS H. BUSBEE, ESQ.

It is gratifying to note that the gifted young Elector for this District is making that fine impression upon the public that was predicted of him at his nomination. His speeches at Smithfield, Plymouth and other points have been highly spoken of.

The Albemarle *Times* thus speaks of his effort at Plymouth:

Gen. Leach then made a little better speech than he did in Edenton, and was followed by Fabius H. Busbee, of Wake, Elector for the Metropolitan district. Mr. Busbee is a chaste and eloquent orator who knows both the value of words and of time. He puts as much sense better expressed, inside of forty minutes than most men in North Carolina. He pleased our people very greatly and will be long remembered by them and always welcomed by them should he consent to return to the Albemarle land.

PERSONAL INTELLIGENCE.

Queen Victoria will leave England for her Scottish home about the middle of August.

Henry Nash Ogden has been nominated by the Democrats of Louisiana for Attorney General.

It is complained that visitors to the Treasury Department frequently ogle the ladies and smoke at them.

There are said to be two hundred thousand colored children in the Roman Catholic schools of the South.

Gen. Wolfe's scarf, worn in the battle of Quebec and stained with his blood, is a treasured relic of a citizen of Calais, N. B.

A philosopher in Paris has learned that people who have an extraordinarily long first joint on their thumbs are born with homicidal instincts.

It is said that the Turks are carrying about cart loads of women's and girls' heads in the district of Bazarjik, in order to terrify the inhabitants.

Dom Pedro carries the Declaration of Independence in his pocket, in his travels through Europe, and just does as he pleases, the same as he did here.

Ex-Governor Walker, of Virginia, is reported as saying, in reference to the Hamburg massacre that, had he been Governor of South Carolina, "some would have felt hemp in a mighty short time." Some what? Or who?

The *Court Journal* says of Custer:—"He was well known to many in this country, by whom he was greatly liked and respected on account of the total absence from his temperament and speech of that irrestrainable brag which characterizes so many of his countrymen."

This, from the Boston *Post*, is rather "rough on an old soldier:" "Centennial Dix, who wants to rally the boys in blue, has passed through two bloody wars, in neither of which he personally participated. He has been eighty years a human being and sixty-six years an office-holder."

Fanny Davenport is described as bathing at Far Rockaway in a "short-sleeved, square-cut necked suit of navy blue flannel, embroidered with white braid, Knickerbocker trousers, and blue sandals, making a jauntier and a sweeter picture of the woman than the gorgeous one that Sarony has just done of her in the 'Rosalind' boy dress." And then, of course, the writer tells a story of the actress saving somebody from drowning in the surf.

POLITICAL NOTES.

New York *Herald*: Grantism is "scotched but not killed" in the Southern States.

The Louisiana Democrats have nominated T. Nicholls for Governor and L. A. Wiltz for Lieutenant Governor.

Wm. A. Wheeler has begun to explain his record, but he somehow avoids his record in reference to the railroad subsidy business.

We clip the following from the New York Herald: *Boykins, Va., July 27th*, 1876.—General W. J. Loftin, of Lenoir county, North Carolina, a Grant Presidential elector in 1872 and a fine stump speaker, has declared for Tilden and Hendricks.

New York *Herald*: There is a rumor that Governor Tilden has determined to resign from the Presidential ticket if the House of Representatives votes in favor of the repeal of the Resumption act.—Startling as this rumor is, it is not a bit more startling than the fact that the repeal is proposed in the House as a political measure.

BOTTOMS OF THE OCEANS.

Facts Discovered by the Challenger Explorers---Temperature of the Water of the Ocean at Great Depths---A Continual Shower of Little Skeletons---The Red City Puzzle.

[From the Scotsman.]

On July 7, Prof. Sir Wyville Thomson and other members of the Challenger exploring party were entertained at a public dinner in Edinburgh. Among the speakers was Prof. Huxley, who said: "Some of the discoveries which have been made by the Challenger are undoubtedly such as to make us all form new ideas of the operation of natural causes in the sea. Take, for example, the very remarkable fact that at great depths the temperature of the sea always sinks down pretty much to that of freezing fresh water. That is a very strange fact in itself, a fact which certainly could not have been anticipated. Take again the marvelous discovery that over large areas of the sea the bottom is covered with a kind of chalk, a substance made up entirely of the shells of minute creatures—a sort of geological shoddy made of the cast-off clothes of those animals. The fact had been known for a long time, and we were greatly puzzled to know how those things got to be there. But the researches of the Challenger have proved beyond question that the remains in question are the shells of organisms which live at the surface and not at the bottom, and that this deposit, which is of the same nature as the ancient chalk, differing in some minor respects but essentially the same, is absolutely formed by a rain of skeletons. These creatures all live within 100 fathoms of the surface; and when they die their skeletons are rained down in one continual shower, falling through a mile or couple of miles of sea water. How long they take about it imagination fails one in supposing, but at last they get to the bottom, and there, piled up, they form a great stratum of a substance which, if upheaved, would be exactly like chalk. But this is by no means the most wonderful thing. When they got to the depth of 3,000 and 4 000 fathoms, and to 4 400 fathoms, or about five miles, which was the greatest depth at which the Challenger fished anything from the bottom, they found that while the surface of the water might be full of those calcareous organisms, the bottom was not. There they found red clay. This red clay is a great puzzle—a great mystery—how it comes there, what it arises from, whether it is the ash of foraminiferæ; whether it is decomposed pumice stone vomited out by volcanos, and scattered over the surface, or whether, lastly it has something to do with that meteoric dust which is [illegible] from the spaces of the universe."

Prof. Sir Wyville Thomson said: "At a depth of about four miles we were always able to dredge and trawl with considerable certainty. Instead of using a small Balis dredge about 15 inches long, a trawl with a beam 20 feet across was dragged across the bottom of the Atlantic and Pacific Oceans; and in this way we covered a considerable amount of ground, and obtained a far better idea of the larger organisms of those regions. No doubt we missed a great many of the smaller things Little hard and heavy bodies fell through the mass of the bottom of the sea. A number of the forms from these extreme depths were comparatively large and spiny, and these stuck in the large dredge net. The depth of the Atlantic apparently averages something about two thousand fathoms, and that of the Pacific about twenty-five hundred fathoms. There did not seem to be any great difference between the Atlantic and the Pacific Oceans—a general characteristic being that the bottom of each was a tolerably level expanse, with slight undulations. In the temperature of these great depths we took a great interest for we expected that by determining the temperature at the bottom we would be able to trace the direction in which the water was moving in any particular way because water is an extremely bad conductor and it maintains for a great length of time, unless there is some special reason for its mixing with other water, the temperature of its source. We usually, at most of the stations mentioned, determined correctly the bottom temperature, and then that of the various strata from the bottom up to the surface, and we were inclined to come to the conclusion that the great mass of the water we found in the troughs of the Atlantic and Pacific is derived from the southern sea. Of course the idea was prevalent that there were no animals at those great depths, but the conclusion we have arrived at now is, that there are animals at all depths, though undoubtedly they decrease in number as the depth increases. In regard to what these animals are, a large proportion of them is yet indescribable. The collection we have brought home, nevertheless, may be reckoned by thousands. The whole region which we have been examining has been hitherto totally unknown, and consequently all the animals we have got over this immense number of square miles are totally unknown also. The deep-sea fauna we found to be very generally diffused so that the animals we found in one region are practically very much the same, and though differing certainly in some respects in the various localities, still there is a general resemblance in the form of the whole."

Convention of the Eighth District---Gen. Vance Re-Nominated.

[Charlotte Observer.]

A friend at Henry's, has written us particulars of the Convention of the Eighth Congressionrl District, which convened at Old Fort, on Thursday, 27th inst., to nominate a candidate for Congress.

The Convention was called to order at 11:30 a. m., by Col. R. Coleman, of Buncombe. Col. G. N. Folk, of Caldwell, was made temporary chairman, and all the Democratic editors present---Messrs. Avery, Stone, Allman, and Malone—secretaries. Upon assuming the chair, Col. Folk made a very graceful speech, setting forth the importance of our *now* going to work in peace and harmony in order to wrest from Radical rule the National and State Governments, which if allowed to remain four years longer in its present hands, would not be worth rescuing.

A Committee of one from each county of the District was appointed upon the permanent organization and credentials.

During the time said committee was out in consultation, Col. W. L. Steele, who was present, was called on and entertained the Convention in a speech of 1½ hours in his own vigorous and spicy style.

The Committee on permanent organization reported, recommending Mr. Schenck, of Cleveland, as permanent chairman.

Nominations being next in order Capt. J. C. Mills, of Burke, placed in nomination, Major A. C. Avery, of Burke.

Col. Folk, of Caldwell, nominated Gen. R. B. Vance, of Buncombe.

Mr. Ferguson, of Macon, nominated Captain J. L. Robinson, of Macon.

The ballot being ordered, resulted as follows: Vance 74; Robinson 26; Avery 11½. Before the announcement of the result, Maj. Avery moved that the Convention make Gen. Vance's nomination unanimous which motion being seconded by Capt. Robinson, was received with great enthusiasm and carried.

Maj. A. C. Avery was then unanimously and by acclamation declared the Elector for the District.

A more pleasant and unanimous Convention, our correspondent says, was never held in the Eighth or any other District, and the counties composing the District were represented by their very best men, and all present left determined to do their utmost for Democracy and reform.

[illegible] Vance.

[illegible]

Wh[illegible] man asking office [illegible]erman or a Catholi[illegible] election of some oth[illegible]ause he is an Irishman or an O[illegible]man, we feel that it is an impertinence. In this country we are all Americans. Let our race be what it may, let us worship God as we please, we are American in our citizenship, and only Americans. We do not elect men to office because they are German or Irish, but because they are honest, capable men. This business, which comes with every canvass, of scheming politicians arranging to transfer the Irish or the German vote, is an offence to all honest Germans or Irishmen. It supposes that they are like cattle, to be driven and bought and sold, and not conscientious, reflecting citizens. The whole business is quackery. The German vote and Irish vote will go like the American vote, wherever the wisdom of the voter wills it. Whoever claims to deal with it by wholesale, to deliver it to one candidate or withdraw it from another, is an impostor. Let us therefore hear no more of the "Irish vote" or the "German vote."

WASHINGTON.

Supervising Architect of the Treasury Resigned, and Mullett to go back--Prominent Officers of the Post Office Department Requested to Resign, &c. &c.

WASHINGTON, D. C. July 31.—Supervising architect Potter has resigned by the President's request. It is thought Mullett will be restored to his former place.

No Southern nominations.

A friend of the President is quoted as saying that the President is preparing a statement to show that Bristow and Wilson were in conspiracy to injure him, so that Bristow might be prominent before the public as Presidential candidate.

Mr. Woodard Chief of Special Agents of the Post Office Department, and H. T. Sperry, Special Agent of the stamped envelope factory at Hartford, have disregarded the Postmaster General's, Tyner's request for their resignations, and will be removed. Sperry is joint proprietor with Gov. Jewell of the Hartford *Evening Post*.

Geo. H. Corvill, Chief Clerk of the Post Office Department, has been requested to resign. Tyner says his position is confidential, and he has a right of choice. Other removals are expected.

The President has signed Sundry Civil Appropriation bill. He accompanies, in signing, with a message that the bill is wholly inadequate and cripples several important interests of the Government. He cites among other instances failure to provide salaries for Judges and the Court of Claims. The Committee on expenditures of the War Department will report unanimously that Geo. H Pendleton is guilty of no corruption in the Kentucky Railroad Claim or Fort Sill storekeeper transactions.

CONGRESS.

Refusal of Congress to Allow Metallic Cartridges to Hostile Indians $150,000 Appropriated for the Indians, &c., &c.

WASHINGTON, July 31.—*Senate*—Resolution prohibiting supplying special metallic cartridges to hostile Indians passed and goes to the President.

Bill authorizing cavalry regiments to be recruited to companies of one hundred men, and appropriating necessary money, passed.

Bill punishing counterfeiting trade-marks sent to Conference Committee.

Impeachment renewed. The Senate agreed to vote on main questions at twelve o'clock to-morrow.

River and Harbor bill reported. Placed on the calendar.

Resolution continuing appropriation. Adjourned.

House.—An ineffectual effort was made to withdraw the Minority Report on the ground that it had not been moved, and the resolution was not before the House. The Chairman overruled the point. It was rejected 55 to 119, many Republicans not voting. Majority report was then adopted—109 to 74. Both resolution have been telegraphed.

Bill appropriating $150,000 to purchase supplies for the Indians until regular Indian appropriation passes, passed; also bill, extending appropriations to the 10th of August, passed.

PHILADELPHIA.

Great Excitement at the Stock Board--Decline in Railroad Stock--Bond, Maxey & Co., Unable to Settle--Three Other Houses Involved.

PHILADELPHIA, July 31.—Again there is great excitement this morning at the Stock Board, caused by a further decline in the Hestonville Passenger Railroad stock, from thirty to twenty-five. It afterwards advanced to twenty-eight.

Bond, Maxey & Co. have not been able to settle, and rumors are to the effect that three other houses are involved beyond their means.

FRANCE.

The Deputies Demand the Expulsion of the Jesuits--Twenty Country and Ten Paris Papers Involved.

PARIS, July 31.—A motion will be made by the deputies demanding the execution of the unrepealed statute of 1828, for the expulsion of the Jesuits. The judgment recently obtained by the Jesuits against the newspapers will give impetus to movements. Twenty country and ten Paris papers are implicated and the expense of each is seventy thousand francs.

A Vessel from Wilmington, N. C., on a Voyage to Queenstown, Reported to have her Masts Cut Away and to be in a Leaking Condition.

NEW YORK, July 31 —The barque, Rosalyn, arrived here to-day and reports that on July 27th, in lattitude 38.50, longitude 68.40, the British brig Success, from Wilmington, N. C., for Queenstown, wasseen with her masts cut away and was in a leaky condition. The barque took off thesecond mate and three men. The captain refused to leave. The first mate and two men remained on board.

THE EASTERN WAR.

The Turks Cross the Servian Frontier at Missa--Great Battle Expected--Excitement at the Seat of War--No Quarter Allowed the Christians--Want of Medical Stores--Selim Pacha Killed.

LONDON, July 31.—The *Standard's* special from Kalafat says the Turkish army crossed the Servian frontier at Missa on Saturday and a great battle is expected. There is great excitement at the seat of war among christians on account of the proclamation by Dervish Pacha. The Turkish commander in Bosnia is prohibiting quarter to the christians.

The *Standard's* Paratizia dispatch says there is a distressing want of medical stores in the hospital, and there is much needless suffering.

The *Standard's* Ragusa special says Selim Pacha has been killed.

The *Standard's* Berlin dispatch says the Daily *News*, of Belgrade, special says Col. Autitich, Gen. Zach's successor is bombarding Secretza which commands the passes between Bosnia on one side and Novi Bazar and the country, whence come supplies and reinforcements, on the other, it is of vital importance to both combatants.

The *News* Ragusa dispatch says Monkhtar Pacha admits losing a thousand men in the fight with the Montenegrins.

The *Times* special telegram says, the Turks at Urhitza after two hours fighting fled in an uncontrolable panic; the greater part of the army was lost. Bilak is surrounded. There is a panic at Trebinge. This disaster leaves Herzgovinia particularly defenceless.

VIENNA, July 31.—The *Tagblatt* says the atrocities committed by the Bashi Bazouks in Thessaly and Epirus have created such a sensation throughout Greece as to render the maintenance of neutrality difficult.

A later dispatch says the relations between Greece and Turkey are assuming an increasingly serious aspect.

LONDON, July 31.—A special dispatch to the *Times*, as well as dispatches to other journals, say Osman Pacha, who was captured at Urbiza, is not identical with Osman Pacha who commands the Turkish troops against the Servians.

Out of sixteen Turkish battalions that were engaged at Urbiza four only reached Bilck. The battalions probably average under four hundred men each.

A correspondent of the *Times* correspondent telegraphs from Ragusa, saying: "I have perfectly trustworthy information that the Turks in an engagement Friday at Medua numbered twelve thousand. were driven to Padgoritza, lost two guns, and their supporting battallions were completely annihilated.

A dispatch from Reuter's Telegram Company from Athens says the opposition newspapers accuse the government of leaving the country in a defenseless state. They disavow any desire for an aggressive policy towards Turkey, but claim that Greece should be placed in a position to inspire the respect of her neighbors.

In the Commons Disraeli stated that the Grand Vizer of Turkey had informed Hon H. G. Elliott, the British Minister, that the statement that the Porte intended to settle with the Circassians in provinces bordering on Greece was unfounded.

Mr. Disraeli announced that the government would withdraw the Prison and University bills, and says that he hoped to prorogue Parliament within a reasonable time.

Dispatch to Reuter's Telegram Company from Semlin, says a rumor is current there that the Turks, after routing a Servian detachment at Panderalo, have marched on Kujazewetz. If this is confirmed Saitschar and the Servian position on the Timok River are seriously threatened. Three regiments of Egyptian infantry, one cavalry regiment, and two batteries of artillery have started for Mitrovitza.

The Premier Bishop of Ireland Dead.

LONDON, July 31.—The most Rev. Samuel Butcher, Premier bishop of Ireland is dead.

A Bishop, Suffering from Congestion of the Lungs, Commits Suicide With a Razor.

LONDON, July 31.—The *Times* this morning says the Right Honorable and Most Reverend Samuel Butcher D. D. P.C., Bishop of Meath, who has been suffering from congestion of the lungs and bronchitiz, became delirious while his attendants were temporarily absent Saturday morning. Upon returning they found the door locked. When the door was burst open the Bishop was found on the floor in a pool of blood, with a razor beside him. A slip of paper, on which was written one single word, "mad," lay on the table. The Bishop was speechless when found, and expired shortly afterwards.

WHAT CAN BE CURED need not be endured, although what can't must be. Among the bodily ills susceptible of complete removal by that benign tonic and alterative, Hostetter's Stomach Bitters, are general debility, malarial fevers, constipation, dyspepsia, liver disorder, and nervousness. Its remedial capabilities are, however, by no means limited to these maladies. Its properties as a blood depurent render it extremely serviceable in expelling the acrid impurities which produce those painful disorders, rheumatism and gout, and its invigorating and mildly stimulating effect upon the kidneys and bladder constitute it a useful medicine for impelling those organs to a complete performance of their functions when they are weakened or inactive. In fact there is scarcely any disease of which this admirable medicine cannot be used with advantage.

THE OLD NORTH STATE

Vegetable Stomach Bitters,
PREPARED BY
C. G. LANIER,
HICKORY, N. C.

In offering to the public for their use and relief the
Old North State Vegetable Stomach Bitters,
I feel no hesitancy in saying this is the purest and best article ever offered them. I warrant each bottle to contain NO chemical whatever—nothing but the best vegetable preparation, (See recommendation of physicians,) and the purest Domestic Whiskey.
In preparing this excellent tonic I have spared no pains or cost to make it just what I recommend it to be—
The Very Best Tonic ever offered to Invalids and Others,
and without the usual cry of "Encourage Home Enterprise," I would say to all the suffering—Throw away the filthy and worthless drugs sold you heretofore by would-be "all cures," and try one bottle of
THE OLD NORTH STATE BITTERS
and if then you will say you have not been benefitted by its use, I will return to all such their money.
OLD NORTH STATE BITTERS
cures all the diseases of the Blood, Gravel Gout, Incipient Dropsy, Rheumatism, Colic, Pain of the Stomach and Bowels, and is peculiarly efficacious in all ordinary cases of Obstruction in the Kidneys, Bladder and Urinary Organs,
Relieves Dyspepsia, whether acute or chronic, General Debility, Sluggish Circulation of Blood, Indigestion, want of Assimilation of Food and Exhausted Vital Energy!
SURE PREVENTIVE OF CHILLS
Try It! Try It!
